SUGGESTIONS TO THE PUBLIC.

In cases of delayed mail, please forward envelope or wrapper, covering same, to the Postmaster.

Please write sender's name and address on all printed matter and merchandise.

Return request cards are printed free on stamped envelopes in quantities of 500, and greatly facilitate the identifying, return and delivery of mail matter.

Please report to Postmaster any neglect of duty or misconduct on part of employees.

RATES OF POSTAGE.

First-class matter: Letters, matter wholly or partly in writing, drawings, with description, writing or figures, and matter which is sealed against inspection, are first-class matter, and subject to the postage rate of two cents for each ounce or fraction thereof

On local or drop letters, two cents for each ounce or fraction thereof

Postal cards having anything attached, or having writing or printing on the face, other than the address, are subject to letter rates of postage

Second-class matter: Embraces all newspapers and other periodical publications which are issued at stated intervals, and as frequently as four times a year. On newspapers and periodical publications of the second class, when sent by others than the publisher or news agent, the postage shall be prepaid at the rate of one cent for each four ounces or fractional part thereof

Third-class matter: Embraces books, circulars, photographs, proof sheets, corrected proof sheets with manuscript copy accompanying the same, seeds, cuttings, roots, scions and plants, and postage shall be paid thereon at the rate of one cent for each two ounces or fractional part thereof

Fourth-class matter: Embraces labels, patterns, cut flowers, playing cards, visiting cards, drawings without description, writing or figures, ornamented paper, and all other matter of the same general character, the printing upon which is not designed to instruct, amuse, cultivate the mind or taste, or impart general information. This class also includes merchandise, and samples of merchandise, models, samples of ores, metals, minerals, and any other matter not included in the first, second or third classes, and which is not liable to destroy or otherwise damage the contents of the mail bag. Postage rate thereon, one cent for each ounce or fractional part thereof

The sender's name and address should in all cases appear upon the wrapper of third and fourth class matter

FOREST LAKE CEMETERY.

OFFICE ON GROUNDS. TEL. CALL 215-4.

Owing to an unforeseen delay of Seven Months on the part of the Granite Co., the formal opening of the grounds and the establishing of a permanent city office is postponed till the completion of the Forest Lake Crypt.

This Cemetery is located on the Maryland side of the District line, at the Southeast terminus of Pennsylvania Avenue, and is within the same radius of the Capitol dome as the Soldiers' Home.

Forest Lake Cemetery was chartered under the Public General Laws of Maryland, April 3d, 1895, which exempts the property from taxation and gives absolute immunity to the lot proprietors from street encroachment or other public improvements, and by special legislative enactment of April 2d, 1896, its charter is made perpetual. The organic laws of the corporation require that a fund be set apart for the perpetual care of all lots and graves, as well as of the grounds generally, without cost to the lot proprietors. The Association possesses about 200 acres of land, a large portion of which has been improved in the most artistic manner, under the Landscape Lawn System.

Natures loveliest contours are on every side, adorning alike hill, vale and shaded brooks, and ere long green lawns, placid lakes, and spraying fountains will have ample scope and range in this National City of the Dead.

GLENWOOD CEMETERY.

This Beautiful "City of the Dead" is located on Lincoln Avenue, about half a mile from Florida Ave., situated on the high ground overlooking the City of Washington, and on the line with North Capitol Street. It contains about ninety acres, and is laid out on the plan of the celebrated Greenwood Cemetery of New York. The remains of many of Washington's most noted citizens are here interred.

Glenwood was incorporated July 27th, 1854, which act of incorporation was amended February 27th, 1877, committing the control and direction of the Cemetery to a Board of Five Trustees, to be elected annually by the lot owners. The present Board consists of:

PHILIP F. LARNER, President.

HENRY O. TOWLES, Treas. WALTER C. CLEPHANE, Sec'y.

Dr. DANIEL MCFARLAN. GEORGE W. COCHRAN.

ROCK CREEK CHURCH YARD AND CEMETERY.

Contiguous to and immediately north of the Soldiers' Home lies the
"Glebe," of one hundred acres, with the venerable edifice thereon known as
"Rock Creek Church," or, more properly, St. Paul's Church, Rock Creek
Parish. The land was the gift in Colonial times of John Bradford, gentleman,
to be held in perpetuity for church purposes. A portion of the ground lying
just about the church has long been used for interment, this being the oldest
church and burial ground within the District, having been so used since 1719.

Appreciating the sacred associations that surround the place, and its
natural beauty and advantages, the vestry caused a survey of about one-half
the "Glebe" to be made, and set the same aside for cemetery purposes. It
is in most part shaded by forest trees of natural growth and great age. The
old church with its regular service—the retired and quiet character of the
surroundings, secure from the future encroachment of the city—must com-
mend itself to all as God's acre.

LIBRARIES.

The libraries in the Departments of the Government are accessible to the employees. In addition there are Private Circulating Libraries. The aggregate number of volumes therein, including the following, is over 1,000,000.

LIBRARY OF CONGRESS. 1st c B se, commenced in 1800, destroyed by fire in 1814, afterwards replenished by the purchase by Congress of the library of Ex-

President Jefferson, embracing about 7,000 volumes; in 1851 35,000 volumes were destroyed by fire; rebuilt in 1852, when \$75,000 were appropriated to replenish the collection. The library is recruited by regular appropriations made by Congress, which average about \$11,000 per annum; also by editions received by copyright, by exchanges, and from the Smithsonian Institution. The library of the Smithsonian Institution has been deposited in the Library of Congress, where it is secure against loss by fire; this collection is especially rich in scientific works, embracing the largest assemblage of the transactions of learned societies which exists in the country. The library of copyright books was removed here from the Patent Office in 1870, and is continually growing, and all copyrights issued in the United States as well as foreign works protected under international copyright are now recorded in the office of the librarian of Congress.

The present number of volumes in the whole library, including law books, which are kept in a separate library under the Supreme Court, is over 740,000. The Toner library, numbering over 25,000 volumes, was added in 1882, having been presented to the United States by the liberal and public spirited donor, the late Dr Joseph M Toner, of Washington. This collection is temporarily stored in a room under the rotunda of the Capitol, and will fill one of the corner pavilions in the new library building.

The Library of Congress is very rich in history, political science, jurisprudence, and in books, pamphlets, and periodicals of American publication, or relating in any way to America. At the same time the library is universal in its range, no department of literature or science being unrepresented. The public are privileged to use the books in the library, while members of Congress and about thirty official members of the Government only can take away books. The library is open daily (except Sundays) during the session of Congress from 9 a m to the hour of adjournment. In the recess of Congress it is open between 9 a m and 4 p m. The new library building, erected 1888-96, for the permanent accommodation of the nation's books, will be occupied in the spring of 1897. It is in all respects the finest Government edifice yet erected, and combines architectural and artistic beauty in its interior and exterior in a high degree. Its utility is evinced in the fact that it has been planned in every feature for library uses, and while at present shelved for nearly two million books, there is space for the ultimate accommodation of four million volumes.

GRAND ARMY OF THE REPUBLIC.

An organization of honorably discharged soldiers and sailors. Its objects are to aid with its charity the maimed and helpless soldier and the dependent families of the fallen; to secure employment for those surviving who have vainly sought for it themselves and whose very tattered uniforms seem an evidence of demerit in the eyes of many who never dared to clothe themselves with it and its dangerous responsibilities. Whatever secrecy there is about this organization is only such as surrounds the most benign and powerful civil orders of the day as a necessity for their protection and strength, and to better secure their objects.

CONGRESSIONAL DIRECTORY.

Corrected to December 18, 1896.

THE SENATE.

SENATORS.

A great many Members of Congress do not locate permanently until after the City Directory is printed. Persons should therefore look in the Congressional Record and Congressional Directory to learn the address of Senators and Members of Congress.
